A Treatise upon the Complex System of Constitutional Jurisprudence by which this Country is Governed

The Constitutional Law of the United States

By W. W. WILLOUGHBY, Ph.D.

Professor of Political Science, Johns Hopkins University; Managing Editor American Political Science Review; author of "The American Constitutional System," "The Supreme Court of the United States, Its Place and Influence in our Constitutional System," "The Nature of the State," "Rights and Duties of American Citizenship," etc.

In these two volumes is set forth in philosophical form the Constitutional Jurisprudence of the United States as developed during the one hundred and twenty years since the adoption of the Constitution. The author has not sought to duplicate the work of digests by collating various constitutional decisions of the Federal Courts, but by a careful and critical study of these decisions, and of the processes of legal reasoning underlying them, *has stated the fundamental principles of American public law in so clear, so complete, and so systematic a form that the work will, it is confidently believed, be at once received as the standard authority upon the complex system of Constitutional Jurisprudence by which this country is governed.*

Especial attention is devoted to those constitutional provisions and principles, the possible implications of which are not yet certainly determined, and which must be relied upon to support the legislative and executive action which may be expected within the near future.

Thus, particular care is given to the discussion of such subjects as **Interstate Commerce, Taxation, Executive and Administrative Powers and Due Process of Law.** Because of this systematic arrangement and its discussion of fundamental principles, *the work will be indispensable not only to practicing lawyers, but to students of the law as well.*

Professor Willoughby is the author of several authoritative treatises upon political and constitutional subjects, is the editor of the *American Political Science Review*, and head of the department of Political Science at the Johns Hopkins University.

The work contains a full index and analytical table of contents and table of cases, giving references to the Supreme Court Reporter, the Lawyers' Co-op. Edition of the U. S. Reports, as well as the Official Reports of the U. S. Supreme Court.

Willoughby on the Constitution is in two large octavo volumes, handsomely bound in canvas. Price, \$12.00 net, delivered.

After Your Own State—What?

¶ *Of course you should buy the reports of your own state first. After that—what?*

¶ *The library of greatest utility; secured at the minimum cost; and of the most permanent value, is made up of—First: your own State Reports; and then—the three great series of *Selected Cases* and the U. S. Supreme Court Reports, viz:*

Lawyers Reports Annotated

Extra Annotated Edition, 70 vols.; Digest 3 vols.; L.R.A. New Series, to date 28 vols. and Digest 1 vol.; and cumulated Index of vols. 25-28 incl. The value and necessity of this set to you is proven by the fact that it is in use to an extent nearly double that of any other set of reports ever published.

American Decisions and Reports

New Extra Annotated Edition 160 vols. and Digest 3 vols. The Extra Annotations trace the history and effect of each reported case down through all later cases which have cited it.

U. S. Supreme Court Reports

Extra Annotated Edition, to date 54 Books [single vols. 1 to 218] and Digest 6 vols.; This is the only edition of the reports of this court which is annotated throughout and the only one containing Rose's Notes or which can ever contain them.

¶ *After you have all of the above you may wish to add to your library the reports of some one or more of your neighboring states.*

¶ *If you have not started right, we will help you. Send a list of sets you do not need and a list of what you do need and we will show you how to make a new start and build up your library in a useful, strong, and economical way.*

¶ *What we can do for you, we already have done for hundreds of others. ¶ We have a stock of the reports of every State, Territory and Colony; also a large stock of Reporters and Digests. ¶ We have a special proposition for you on any of the sets listed above, separately or in combination; also with any other set you are interested in—State Reports, Reporters or Digests which we can deliver promptly. Incidentally, we got this stock in exchange for the sets we list above. You will profit by corresponding with us, at once.*

Richards on Insurance Law In All Its Branches

With an Appendix of Statutes affecting the Insurance Contract and a collection of Forms By
GEORGE RICHARDS, LL.B., M. A. **THIRD EDITION, Enlarged and Rewritten**
Special Price to Students, \$4.50. Cloth Binding

This book has been wholly rewritten and no trouble or expense has been spared to make it complete, convenient and well adapted to the needs of the law student.

CERTAIN SPECIAL FEATURES:

1. Part I covers general principles; Part II, the clauses in sequence of all classes of policies now in use.
2. Disregarding the voluminous fine-print notes, the comprehensive coarse-print text, to which study and recitation may be confined, comprises, all told, only about three hundred and sixty pages.
3. The advantages of treatise and case book are combined, for into the coarse-print text are introduced condensed reports of some TWO HUNDRED IMPORTANT ILLUSTRATIVE CASES, of which facts and decisions are given without voluminous opinions.
4. Origin and reasons for legal doctrines are traced and explained; decisions on different branches of insurance law are compared and contrasted.
5. The index is thorough and analytical.

A FEW OPINIONS OF JUDGES AND PROFESSORS.

"I was simply delighted with your book.
 * * * The parts which I read convince me
 that the work is what I have believed it
 would be—the best treatise on insurance
 law extant."

F. M. BURDICK,

Professor, School of Law, Columbia University.

"I have made a very thorough examination of this book, and take pleasure in reporting that it is the most complete and exhaustive work on this branch of the law that has ever come to my notice."

FORREST BRAMBLE,

Professor of Insurance Law, Baltimore Law School.

"The subjects are admirably distributed under proper headings. The text is concise and at the same time clear. The decisions sustain the view expressed."

JOS. A. BREAU,

Justice Supreme Court of Louisiana.
 "I am satisfied that the subject has been fully treated in a most systematic and painstaking way; and that the book will be regarded as one in which the things of value have been collected and the useless has been discarded."

EDWARD C. DU BOIS,

Chief Justice Supreme Court of Rhode Island.

"This is a very valuable work for students, affording ample text for information, and at the same time suggestive for comprehensive legal development."

R. L. WILLIAMS,

Justice Supreme Court of Oklahoma.
 "The best one volume book ever published in this country on the subject of insurance."

EDWARD T. BARTLETT,

Justice New York Court of Appeals.
 "In its general plan you have struck the just mean between undue condensation of statement and undue specification of the facts in particular instances. The field has become so large that it is difficult to cover it fairly in a single volume, but you have shown that this can still be done."

SIMEON E. BALDWIN,

Judge Supreme Court of Errors of Connecticut.

"I have made a careful examination and considerable use of the new edition of Richards on Insurance and am much pleased with it. I consider it the best single volume work on that subject extant. It is well written and conveniently arranged."

JOHN B. BARNES,

Chief Justice Supreme Court of Nebraska.

RICHARDS CASES ON INSURANCE, all branches, practical, convenient, interesting, head-notes of subjects, not decisions. Part I, general principles, accurately, thoroughly, developed. Part II, clauses of modern policies to date. Also many condensed cases, fine-print, cases on either side of border line. Appendix forms, by George Richards, M. A., about 400 pages.

Price, \$3.50 net, cloth binding.

FEDERAL CRIMINAL LAW

PRACTICE and FORMS

By William H. Atwell,
U. S. District Attorney, Dallas, Texas.

For some years there has been an active demand by the lawyers for a book on **FEDERAL CRIMINAL LAW**. Mr. Atwell, who has been United States Attorney for 12 years, is well equipped for the work of making the book; the greater portion of it is taken from his own annotations made during his long service as an United States Official. Please bear in mind that the book covers not only the **LAW**, but the **PROCEDURE** and **FORMS**. The new Federal Penal Code is included in the back of the book.

The busy lawyer can find in a **FEW MINUTES** in this book what it would take **DAYS** to find by searching through the Reports, Statutes and Digests.

1 Volume, buckram binding, Price \$5.00, express prepaid.

# The American and English Annotated Cases

now covers an extensive field, the published volumes containing complete reports of over 4,000 of the leading current cases, and annotations that consider and state the law of over 250,000 cases.

## THE CASES.

Each volume contains 250 fully reported cases, just as they appear in their final form in the official State, Federal, English, and Canadian reports.

The important current cases from every state are here reported, as are also the cases from the United States Supreme Court and the United States Circuit Courts of Appeal.

The strong English and Canadian courts are represented by the complete reports of those cases of value to the American lawyer.

The pagination of the official reports is preserved throughout the opinions for purposes of citation.

The cases here reported are those that every lawyer should be familiar with, and have ready access to.

## THE NOTES.

Every case is annotated, and every annotation is an exhaustive brief.

The notes are to fine points, like those you brief in your practice.

They are the work of expert brief writers, lawyers who have spent years in learning how to find authorities.

They are helpful notes, because they present compactly all the decisions in point, weigh authorities, and give the reason of the law.

The notes are not monographs, nor are they mere digests of special subjects.

Many of the titles of the notes require several lines to express the exact topic treated—so fine are the points which are brought out. They go down to the very marrow of the proposition, and show the bearing of every authority which touches thereon.

No set of books ever attained greater popularity in a short period than this new work. The thousands of its users are unanimous in their praise of it. The judiciary of all sections have given it their unqualified endorsement, and the current decisions are full of references to its annotations.

The cumulative indexes and digests make all matter in it readily accessible.

The American and English Annotated Cases is sold by subscription only, and is published at the rate of four volumes a year, price \$5.00 a volume, delivered.

Write for a valuable pamphlet containing some cases and notes reprinted from this set. It will cost you nothing and may contain a brief on just the topic in which you are most interested.

One secret of MONARCH superiority lies in the wonderful responsiveness of its key action. In no other typewriter in the world do the keys so readily yield to the slightest touch of the finger. That is why the MONARCH is easier to operate than any other writing machine, and that is why it wards off fatigue and saves nerve strain on the part of the operator. In consequence, her work is cleaner cut, more accurate, more rapid and greater in quantity than it is possible to obtain with any other writing machine.

For these reasons you need a MONARCH in your office. And every day without it means actual money loss to you besides.
